Foreword

GCC Standardization Organization (GSO) is a regional organization which consists of the national standardization bodies of GCC member states. One of GSO main functions is to issue Gulf Standards and Technical Regulations through specialized technical committees.

GSO Ministerial Committee in its meeting number (2) held on 21/11/1442 H, which corresponds to 01/07/2021, has approved the update of the translation of the document GSO 2055-2:2021 as a Gulf Standard titled "Halal Products – Part 2 : General Requirements for Halal Certification Bodies" in English language which was studied through the technical program of GSO Technical Committee for Halal Products and Services (TC15) in UNITED ARAB EMIRATES schedule . (Arabic) text is considered the official text in case of any conflicts between the two. This document will cancel and replace the Gulf Standard GSO 2055-2:2015.

تقديم

هيئة التقييس لدول مجلس التعاون لدول الخليج العربية هيئة إقليمية تضم في عضويتها أجهزة التقييس الوطنية في الدول الأعضاء، ومن مهام الهيئة إعداد المواصفات القياسية واللوائح الفنية الخليجية بواسطة لجان فنية متخصصة.

قررت اللجنة الوزارية لهيئة التقييس لدول مجلس التعاون لدول الخليج العربية في الاجتماع الـ (2) بتاريخ 1442/11/21 هـ، الموافق 2021/07/01م اعتماد تحديث ترجمة الوثيقة رقم GSO 2055-2:2021 كمواصفة قياسية خليجية عنوانها "منتجات الحلال - الجزء 2: الاشتراطات العامة لجهات إصدار شهادات الحلال " إلى اللغة الانجليزية والتي تم دراستها ضمن برنامج عمل اللجنة الفنية الخليجية لمواصفات منتجات الحلال وخدماته (TC15) المدرجة في خطة الإمارات العربية المتحدة . ويعتبر النص العربي هو المرجع الأساس في حال وجود اختلاف بين النصين. على أن تلغى وتحل محل المواصفة القياسية رقم GSO 2055-2:2015 .

3.3

Contract

An agreement signed between the applicant and the Halal certification body, so that the applicant is granted the right to use Halal certificate/ halal mark of the product, service, or system.

3.4

Technical expert

A person who provides specific knowledge or expertise to the audit team.

3.5

Halal Islamic affairs expert

A Muslim who has profound and comprehensive knowledge of the requirements of Halal in Islamic Sharia, his efficiency and scientific knowledge are established through academic certificates, courses, research and training courses in this field.

3.6

Halal mark/ logo

An approved mark/ logo that is granted to the Halal product/service or system which complies with this standard.

3.7**Audit**

A systematic, independent, documented process to obtain and evaluate the audit manual in objective ways, to determine whether the audit standard is met.

3.8**Auditor**

A person assigned to perform the audit.

3.9**Complaint**

An expression of dissatisfaction by any person or organization, to a Halal certification body, where a response is expected

3.10**Conformity Assessment Body**

A body that performs conformity assessment services within its accreditation scope.

3.11**Certificate Suspension**

Halal certification body suspends the right to use the certificate issued in advance for a specified period which is decided by the Halal certification body.

3.12**Applicant**

A person or a legal entity who applies for Halal certification of a product/service/system.

3.13**Halal Certification Bodies**

The entities accredited by the authorities to accredit halal certification bodies, to issue Halal certificates.

3.14**Halal Accreditation Bodies**

The authorities authorized to accredit halal certification bodies.

3.15**Conformity**

Requirements (Conditions) are met.

3.16**Nonconformity**

Requirements (Conditions) are not met.

3.17

Audit team

One or more auditors performing the audit supported by a technical expert is needed.

3.18

Major Nonconformity

Non-conformity (3.16) which affects the ability of the management system to achieve the desired results.

3.19

Minor Nonconformity

Non-conformity (3.16) which doesn't affect the ability of the management system to achieve the desired results.

3.20

Audit Time

The time required to plan and complete a full and effective audit of the applicant's facility.

3.21

Risk - Assessment approach

Following a methodology of thinking based on planning and implementing procedures to deal with potential risks in a way that prevents their reoccurrence and are suitable for the elimination of their implications, particularly with regard to efficiency, coherence and neutrality when issuing certificates.

3.22

Certificate Owner/certified client/supplier

An entity whose management system is audited for the purpose of awarding the certificate.
